

GREEK KAYAKING AND ADVENTURE WEEK 2017

POROS ISLAND - Arrive 9th Sept & Depart 16th Sept 2017

This week offers opportunities for sea kayaking, and Greek cultural activities, combined with other fun, active and social events on the beautiful Greek Island of Poros. Poros Island is conveniently located in the Saronic Gulf region of Greece only 32 miles southwest of Athens and is easily reached from the Port of Piraeus by hydrofoil in 55 minutes. Poros is an unspoiled traditional Greek island, and June or September are the best times of the year to visit for activity based vacations. Poros Island and adjacent coastlines provide the perfect location for short and longer kayaking trips - visiting nearby small islands, the volcanic peninsula of Methana, or circumnavigation of Poros Island. Sunrise and sunset paddles in the Greek islands are truly magical experiences. The paddling excursions are guided by a British Canoe Union Level 3 sea coach and are suitable for all levels of experience. Activities include opportunities to explore, swim and snorkel the clear blue warm waters of the Mediterranean Sea and soak up the atmosphere of Greek island life.

PRICE PER PERSON \$ 1295

Non-paddling companion's reduction of 35% off full price - subject to availability, please enquire.
